

Welcome to Hummustown!

Hummustown is more than just a restaurant; it's a celebration of the Levantine cuisines, and more specifically Syrian Cuisine, culture and a haven for authentic, home-style cooking. Our mission is two-fold: to bring the vibrant, soul-satisfying flavors of our heritage to your table, one delicious dish at a time, and to provide a welcoming community, vital financial support, and a valuable stepping stone for refugees to build better lives here in Rome. We believe in the power of food to connect people, build community, share stories, and empower those in need.

Our cooks are the heart and soul of Hummustown. They pour their passion and generations of culinary wisdom into every dish, cooking with the same love and care they would for their own children. From the freshest ingredients to time-honored recipes, each plate is a testament to their dedication and a celebration of Middle Eastern heritage.

We hope you'll savor every bite and experience the warmth and joy that comes from food prepared with so much love, knowing that with every meal, you're helping us make a difference. Enjoy!

مرحباً بكم
